Also, we welcome open-ended comments about your experience in the program. If you have the time, we would like to know more about how the program has impacted your practice of advising, your core knowledge or skills, or your values and philosophy of advising. Feel free to let us know what have been your favorite sessions and which topics resonated with you. Also, if you have introduced any new tools or methods into your practice we'd like to know which ones. Your feedback is important to the direction of the project.
